Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative discussed that in claim 48, wherein generating an aligned image, is lacking in the cited prior art, namely, Chaney et al-USPN-5,926,568. Examiner disagreed, in which, claims and only the claims determine the bounds of the invention, as such, wherein in the cited prior art, correctly aligned, is representative of generation of an alignment processing. However, we agreed that upon further amendments, Examiner would reconsider this application for allowability .
